

PAVING REPAIRS ARE BEING MADE

Mayor Lea Is Doing Things;
Is Working in Harmony
With His Aldermen.

Marathon avenue paving, which has for months been almost impossible at a point near the city warehouse and stables, has been repaired and the street is again in good shape at that point. The last time it rained, automobiles and wagons dropped into the water up to the axle in crossing this place.

"How did you get the work done?" Mayor Lea was asked.

"Just wrote a letter to the company that originally laid the pavement," said the mayor nonchalantly.

Nothing is new at work tearing up the pavement in the Boulevard at the Mesa avenue crossing, a Herald man asked Mayor Lea what was being done there.

"The street car company is putting that street in shape so people can drive over it safely," said Mayor Lea. "I had grown rather tired of the condition of the pavement between the car tracks at the Mesa crossing, so I told the street car company to fix it. There are some more bad places of pavement between street car and railroad tracks that are going to be fixed."

"After, since we are on the paving question, I may add that paving is going to be put down on Campbell street between that network of tracks in the yards of the G. H. & S. A. railroad. It is like 'riding the waves' at Conny Island to drive across those tracks. No, I haven't taken the matter up with the railroad yet, but the paving will be put down. I will take it up soon."

"Mayor Lea is not going to let paving companies or anybody else put anything over the people while he is in office," said alderman John Fisher, whose hobby is the parks and streets. "We of the city council are more enthusiastic over him the more we are engaged in the conduct of city affairs with him and see the earnestness and sincerity which he puts into his work. We also appreciate his attitude towards the council. There is an inclination on the part of Mr. Lea to be a boss and arrogant to himself all the city's powers. There are many things that have come up since we were elected that he could have handled without consulting us—he had the right to do it—but he has consulted the council in everything."

And aldermen O'Connor and Jolly, who were present—Mr. Lea was not present—assented to what alderman Fisher had to say.

"That's what I have been wanting to see in El Paso—a city administration that will do things, one that has the interests of all the city at heart—and we've got it now," said a bystander, a business man.

HOTEL CONVENTION HERE JUNE 10-11

Programs for the convention of the Texas Hotel Keepers' association, to be held in El Paso June 10 and 11, have appeared and are being mailed to all of the delegates who are expected to attend the convention. The program has a picture of "Miss El Paso" holding El Paso on a tray, while a girl representing Juarez offers the Mexican town on a tray.

The program will open with a business meeting at the Hotel Paso del Norte, where the meetings will be held. The convention will be continued Thursday afternoon until 4:30, when an auto ride to the Country club, Fort Bliss and other parts of the city will be made. In the evening a banquet and dance will be given at the Paso del Norte.

Friday, the 11th, there will be a trip to Cloudcroft to spend the day. The visitors will be the guests of M. H. Hutchins, manager of the Lodge. Upon the return to El Paso in the evening a trip will be made to Juarez on special street cars, where the night life of the Mexican border town will be shown.

R. B. Crumley is expected to be elected president of the association at this meeting.

**LONGWELL TAKES CHARGE
OF INFORMATION BUREAU**

J. J. Longwell has taken charge of the information bureau and business at the union station upon request of the union station company, pending the annual meeting of the company June 8.

The Longwell Auto and Garage company will handle all of the mails from the union station to the postoffice under this arrangement, will have baggage collectors on the trains and will have charge of the information bureau. The information bureau, baggage privilege and mail contract was formerly held by the Hotel Taxi and Baggage company, which was sold recently to the Jitte company.

**WATER PERMITS ONLY AT
CITY WATERWORKS OFFICE**

Contractors and others who desire to secure water from fire hydrants will hereafter be required to get permission through H. E. Jackson, superintendent of the waterworks system.

It has been the custom for some time for the chief of the fire department to grant permission for the use of hydrants, but because of the inability of the chief to keep close check on those using water and because of certain abuses by those granted the privilege, the new ruling is in effect.

**THREE MEXICANS HELD
FOR FELDMAN ROBBERY**

Complaints have been filed by the police in Juarez, J. M. Feldman's court against Antonio Rabali, charging him with burglary, and against Antonio P. Lopez and Alfredo Alcala, on charges of receiving and concealing stolen property.

All three charges are in connection with the recent burglarizing of the Feldman store when 21 pistols were stolen.

The El Paso Ice and Refrigerator Co. maintains its own delivery system. Pure distilled water and ice. Phone 114-115.—Advertisement.

A Personal Word Playing the Game of Business

CONDUCTING a store, supplying a large number of people daily with the necessities of life—in short, playing the game of business—is a real pleasure to us. We enjoy the friendly opposition of our competitors because it spurs us on to greater achievements in service and value-giving and you benefit thereby. Operating this store is a pleasure because we resort to no "shady" methods. The fear of being detected in some underhanded transaction is never present. Honesty dominates here. We play the game of business under rules that permit no exaggeration of values, no extravagant claims, no trickery and no "knocking" our competitors. Our merchandise and our methods of price marking and selling must stand upon their own merits—by all of them we are willing to be judged. We play the game of business with a clear conscience. That is why we enjoy it. THE POPULAR DRY GOODS CO., Inc.
